IBM is proud to sponsor the **Global City Teams Challenge** 2016!

Do you have an idea to help your local city's Smarter City initiatives?
Join the challenge to create a ground breaking Internet of Things App

Show off your talents and help solve some of the most challenging problems in cities around the world by developing robust Internet of Things applications with IBM Bluemix.

The Challenge will focus on:

Smarter City/Community	Internet of Things	Scalable, Repeatable, Sustainable Solutions
